# OUR TOP 10 SENIOR PICTURE IDEAS

## 1 BRING SOME FRESH FLOWERS

Bring along some fresh flowers to coordinate with your outfit. This can make your images unique and personal if they happen to be your favorite flowers too :)

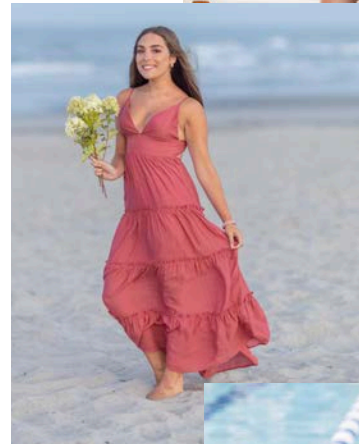

## 2 SHOW OFF YOUR CAR

It's something you've worked hard for and are probably pretty proud of. So give it a good wash and bring it to the session. You'll want to remember what you drove your senior year.

## 3 HOW ABOUT A LONG DRESS?

We know short is popular but a long flowy dress is something worth having a picture of, it shows movement and gives you things to do with your hands!

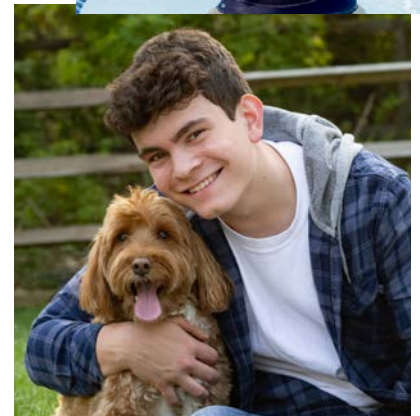

## 4 SHOW YOUR SPORT

Include your interests and activities. Show your medals. You've worked hard on this and this is who you are right now. You'll be looking back on these pictures for years to come, trust me on this!

## 5 INCLUDE YOUR PET

Okay if it's a horse, we'll have to go there, but if you've got a little fur baby, bring it along and we can get some pics together - they're a part of the family too, right?

## GO ON LOCATION

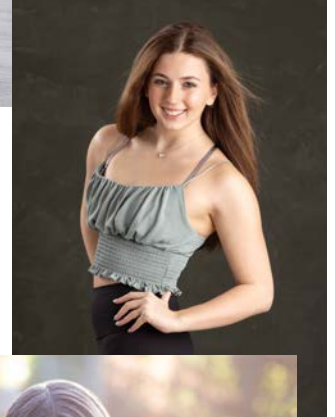

Are you an urban girl? Do you love the beach? What's a special place to you? With our Elite Session we can go almost anywhere that speaks to you.

7

## TRY THE STUDIO

Everyone has outdoor shots but if you want something totally different - get in the studio for some dramatic fashion lighting and that fan action in your hair. When else can you do that??

8

## INCLUDE YOUR MOM OR DAD

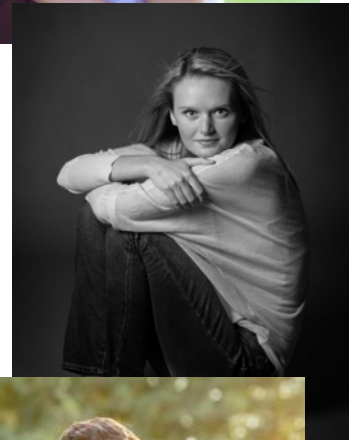

Mom or dad will be with you on your session day. Be sure to get an image or two together. You'll be so glad you did one of these days!

9

## CONSIDER BLACK AND WHITE

While you're thinking of the studio, think of black and white too. We photographers love when you request it because we know it always makes for a breathtaking picture every time.

10

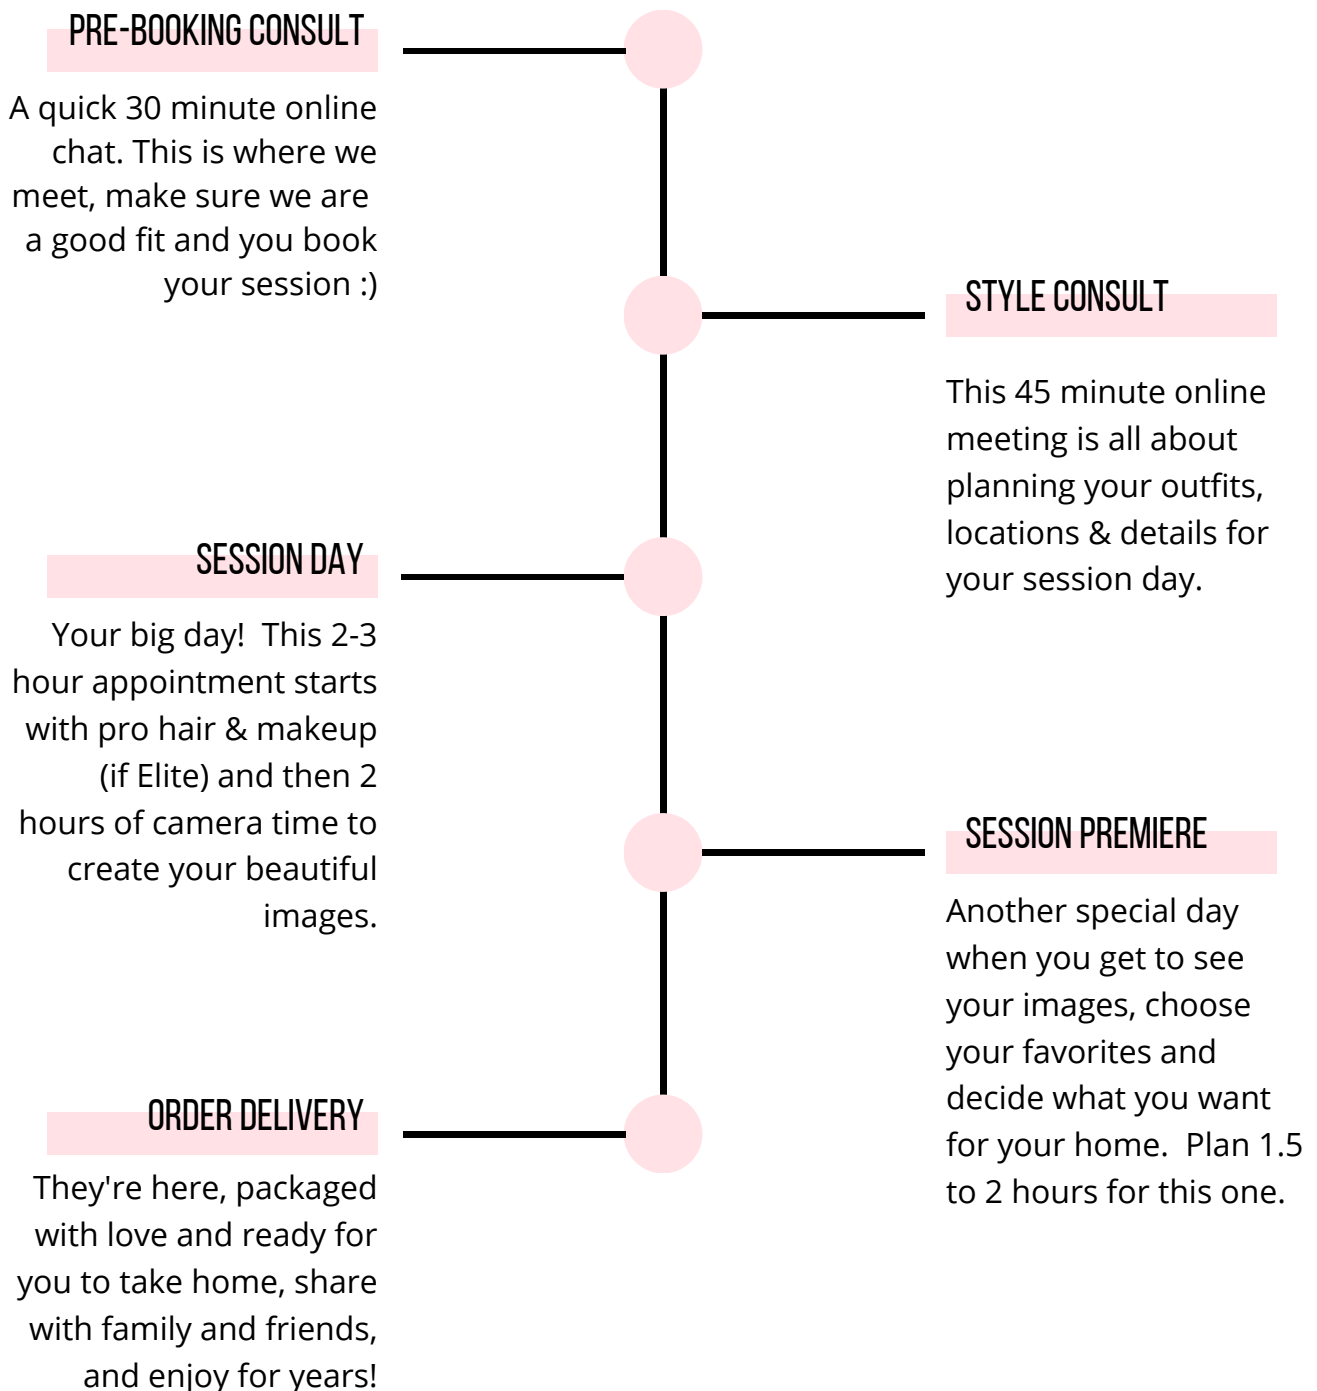

## BRING SOMETHING THAT'S ALL YOU

Show off your personality with something that's totally you! Snowboard? Books? Favorite article of clothing? Whatever is your favorite something - bring it!
