CREATE THAT PERSONAL BRAND

KICK YOUR IMAGE UP A NOTCH with a Personal Brand portrait session.

Jenn Grachow Photography specializes in creating striking images for your website, social media, and marketing materials. Our portraits are so impressive, they could easily grace the cover of a high-fashion magazine or Fortune 500 publication.

Our process begins with a detailed consultation to understand your brand and its unique personality. From there, we tailor a portrait session specifically for you and your business. We'll work together to select the perfect outfits that best represent your brand. Our goal is to help you achieve a polished, professional look that resonates with your audience.

During your session, we'll guide you through poses that highlight and elevate your brand, product, or service. You'll have the opportunity to choose your favorite images before you leave. Any image you purchase will be delivered to you in high resolution digital format through a private gallery for convenient download.

Let us help you create stunning visuals that will make a lasting impact on your online presence and marketing materials. Invest in your brand with Jenn Grachow Photography.

CLIENT TESTIMONIAL

What a great experience! I felt like a rockstar! Jenn is so talented and organized. One full day, lots of different looks and poses and all the while feeling so comfortable (I normally hate having my picture taken). I was able to review all the photos taken and narrow them down to the ones I wanted all before the day was through! The results were beyond what I could have imagined.

WHAT to WEAR

to your portrait session

When it comes to your wardrobe, I want you to dress in a way that makes you feel beautiful, confident, and true to yourself. Make sure your clothes are clean, wrinkle-free, and fit you well. Wearing something too small or too large can make you feel uncomfortable and may not look good in pictures.

For a sharp and versatile look, consider wearing a fitted suit, a stylish dress shirt or top with a blazer or sweater, and dresses that can easily transition from day to night.

If you prefer a more casual style, choose your favourite jeans or leggings, a t-shirt, a fashionable sweater, and a leather jacket. Make sure your outfit is appropriate for meeting with clients, not just for lounging at home.

If you wear a uniform or clothing with logos that represent your brand, wearing them during your photo session can help convey your message effectively.

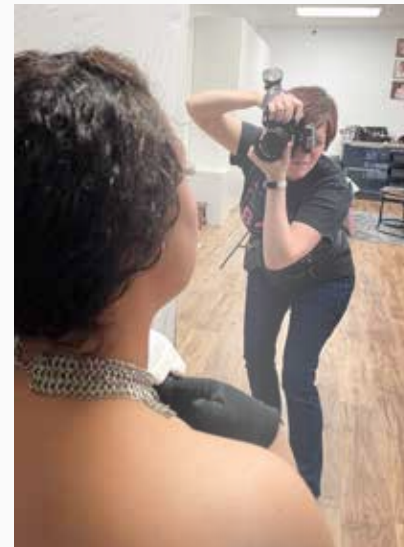

In terms of colours and textures, solid colours like red, black, navy blue, brown, green, and charcoal gray are great for a formal look. For a more playful style, experiment with fun colors and textures like lace, ruffles, satin, or silk.

Don't forget to bring accessories like belts, bracelets, earrings, necklaces, watches, scarves, hats, and shoes.

Men can also enhance their look with fun socks, pocket squares, ties, cuff links, and other accessories.
