Ordering Notes:

-Bishop Canevin Hockey-

We have recently changed our order form to include photos with siblings or other other family members. We also added a Team section by itself for those just wanting a Team or Section photo.

Our Option C is a digital option and you will be sent a link to download your digitals when photos are delivered.

*If you have multiple children and order Digitals, they would each need thier own package but I will also include photos of them toghether in your package as well as their Section photo and Team photo.

If you stuggle to order on the website for any reason, reach out and I will gladly help you.

If you have any other questions as well, feel free to email me at ginger@framesofinfinity.com
